

PHILLIPS FOILS

ENVIRONMENTAL POLICY

Phillips Foils Limited will continue to recognise its responsibility to:

- Solve its own environmental pollution and conservation problems.
- Prevent pollution at the source wherever and whenever possible.
- Develop products and manufacturing processes that will have minimal effect on the environment.
- Conserve natural resources through the use of reclamation and other appropriate methods.
- Assure that its facilities and products meet and sustain the regulations of all European, UK and local environmental agencies.
- Assist, wherever possible, governmental agencies and other official organisations engaged in environmental activities.
- Support a commitment to continual environmental improvement consistent with its mission and vision.
- Set and review environmental objectives and targets appropriate to its activities, products and services.
