

PHILLIPS FOILS

QUALITY POLICY

Having undergone a change of ownership in 2008, Phillips Foils Ltd (PFL) aim to go from strength to strength using the same values that have underpinned the company's 100+ year history. Quality products & dedication to customer service and satisfaction are still our priorities in the 21st century.

We are committed to the principles set out within this quality policy and the context of the company, supporting its strategic direction, in the associated Quality Management System and to the controls contained in the International Standard ISO 9001: 2015.

Phillips Foils is committed to:-

- Complying with statutory, regulatory and other requirements and continually improving the effectiveness of our Quality Management System.
- Meeting the requirements of ISO9001:2015.
- Providing a framework for establishing and reviewing quality objectives.
- Considering the effects & risks of climate change within the development, maintenance & effectiveness of our Management Systems.

This policy is communicated and understood by our relevant interested parties, and regularly reviewed for continuing suitability.

A. Man
